

2<sup>nd</sup> March 2023

Dear Parents/Guardians

As part of your child's ongoing career development at Wildern School, they will have the opportunity to experience a day at a local Further Education College or Sixth Form during the Summer term.

Your child has been asked to select their preferred options for this 'Taster Day' via a Google Form during Education for Life in tutor time. We are making you aware as they make these selections so that as parents you have the opportunity to discuss what is available with your child so that they can make informed decisions they are happy with. The form needs to be completed by 6th March to allow for individual college course selections, once choices are locked in.

There will be a selection of 6 establishments (below), and your child will be asked to select and rank their top 4 choices. We will try our best to accommodate the top choice but there is no guarantee that they will be successful with their selection. This will also aid us with understanding popularity and logistics.

- Southampton City College
- Barton Peveril Sixth Form College
- Peter Symonds College
- Eastleigh College
- Fareham College & Cemast
- Itchen Sixth Form College

More details will follow in due course.

Yours faithfully

Mr L Fenner  
Senior Leader of Learning (Careers)
