Dear Parent/Guardian

Relationships and Sex Education (RSE) Parent consultation

The DFE introduced new guidance in September about the RSE curriculum that your child should study and we recently wrote to you about our virtual WINK event on this. If you haven't seen this yet we would recommend you do find some time to watch it.

The WINK presentation is available [here](#) and shares information on the mandatory government guidance of what schools must cover in relation to RSE, what is taught throughout the five year Moral & Social Studies (MSS) curriculum and how the statutory requirements of RSE are delivered within this. If you are interested, the Government guidance document is available [here](#) and the slides from the presentation are [here](#).

As this is new guidance, we would welcome your feedback as parents/carers on our RSE provision and ask you to complete this short [questionnaire](#) by Friday 8 April 2022.

Yours faithfully

Mrs N Cowan
Deputy Headteacher
