Dear Resident,

Night-time Working and Lane Closures Uplands Development Infrastructure

I am writing to let you know that Hampshire County Council's contractor Volker FitzPatrick, will shortly be undertaking a series of night time works and road closures on Winchester Street and Woodhouse Lane in Botley. The works are required to complete the final surfacing and drainage elements along this section of the scheme. The works are being undertaken at night to help minimise traffic disruption.

The dates and location of the closures are as follows:

Monday 20 to Friday 31 March

- Woodhouse Lane closed from Pavilion Road to the new Woodhouse Lane roundabout. No works will take place on Saturday and Sunday nights.

Monday 27 March to 10 April

- Holmesland Lane closed at its junction with Winchester Street, inclusive of weekend working.

Friday 21 April to Tuesday 25 April

- Woodhouse Lane closed from Maypole roundabout to the new Woodhouse Lane roundabout. No works will take place on Saturday and Sunday nights.

The closures will be in place from 7pm – 6am and residents should expect some additional disturbance. The roads will reopen each morning and two-way temporary traffic lights will be in operation. Access to all properties and businesses will be maintained and signed diversions will be in place. Pedestrian access will be maintained through the working area. Please note, the works are weather dependent, and the dates may need to alter in the advent of particularly cold or wet conditions.

Please email any enquiries regarding these works to: major.schemes@hants.gov.uk with the subject line clearly marked, 'Uplands Development Infrastructure'.

Further information and updates about the works, can be found on the scheme web page at:
