

Dear Parent/Guardian,

We hope you and your teen are excited about the **Youth Impact programme**! In response to the government's decision to discontinue funding for the NCS programme, **Your Sports Education**, based in Hampshire, is proud to offer a fresh alternative that provides your teen with the same valuable skills, personal development opportunities, and experiences – all for just **£95**.

However Hampshire County Council are funding students that currently receive free school meals, making this programme **free** for your young person! With hundreds of students across the country already signed up, we encourage you to sign your person up for a programme this summer.

So, What Is Youth Impact?

Youth Impact is a **5-day programme** (Monday to Friday, 10am-4pm) designed to engage and empower young people aged 15-17 (year 11 or year 12). It's packed with fun, interactive activities that will help your teen develop new skills, build confidence, and make lasting friendships, all while giving back to the local community. Here's a sneak peek at what they can expect:

- **Teambuilding Games:** Designed to improve communication, leadership, and teamwork, all while having fun.
- **First Aid Workshop:** Practical, life-saving skills that can enhance their CV and give them confidence in emergency situations.
- **Public Speaking Workshop:** Helping your teen develop confidence and presentation skills that will benefit them in school, college, and future careers.
- **Debates and Discussions:** Engaging in important conversations about issues that matter to young people today.
- **Community Action Project:** Your teen will choose a project that allows them to give back to their local community, gaining a sense of achievement and pride in their efforts.
