## news

Winter 2018

**Fat Sam's Grand Slam**  
Another fantastic Wildern Performance!

**We're all off to sunny Spain**  
Year 10 travel to La Fosca

Dance showcases, toilet twinning  
plus so much more inside..

# Holiday Activities New Year 2019

Bring in the New Year with three days of creative activities for boys and girls aged 4 – 12 years old.

**10am to 3pm £17  
per day**

Extended hours available on request (see below for details)

Wednesday  
2nd  
Jan

**Antartica, Penguins, Narnia and all things white and cold will be explored across three days of creative arts and crafts!**

**An exciting way to spend the first few days of the New Year.**

Thursday  
3rd  
Jan

Friday  
4th  
Jan

**BOOK NOW ON 01489 779 471!**

\*Additional hours are available 9am-10am, 3pm-4pm and 4pm-5pm at an extra £3 per hour per child.\*

All children's activities are led by trusted teachers and artists from the local area, with support from assistants when required. All staff carry enhanced DBS checks.

We are Ofsted registered.

Payment can be made using childcare vouchers or tax free childcare payments.

**Booking Policy**

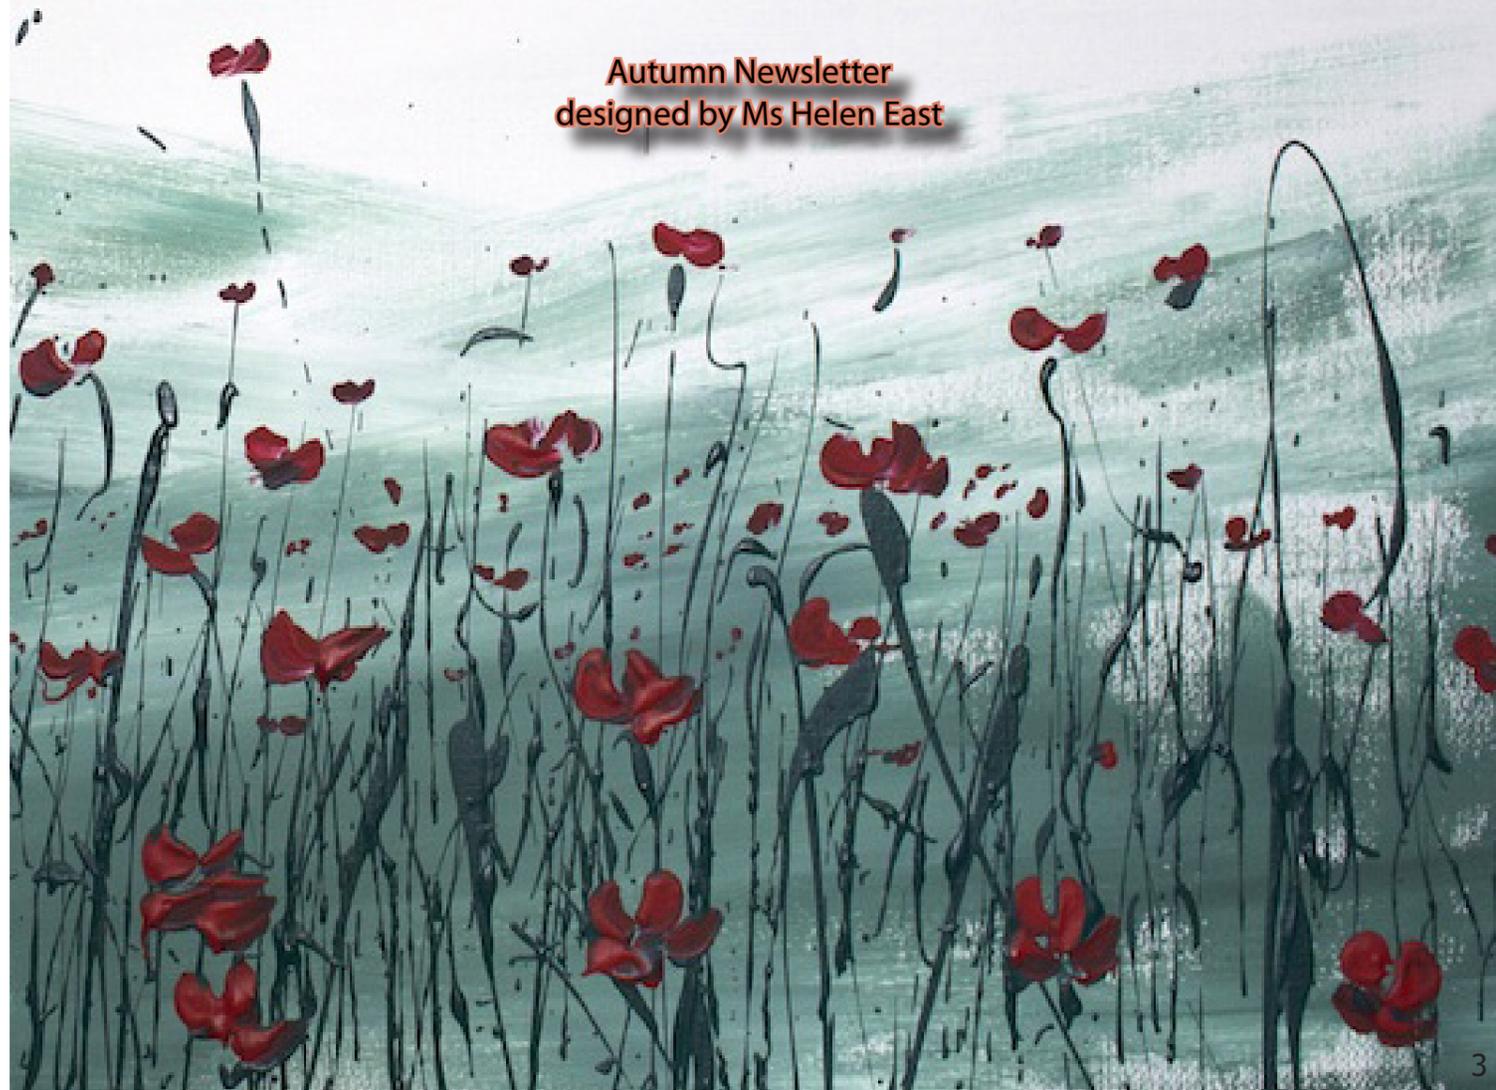

- We require advance payment on booking for all classes and are unable to reserve places without payment.
- Materials and resources are bought to match the number of people booked onto the course. As a result we cannot guarantee places will be available on the day unless pre-booked. Please always phone to check.
- Should the d.@rt Centre have to cancel a workshop you have booked onto, an alternative workshop or date will be offered. Where this is not possible or not acceptable to you, a full refund will be paid.

The d.@rt Centre, Wildern School, Wildern Lane, Hedge End, Southampton, SO30 4EJ

Autumn Newsletter  
designed by Ms Helen East

**wildernschool**  
an academy trust

Dear Parent/Guardian,

Already yet another Christmas approaches at speed. I am not sure where this term has gone, certainly a lot has happened as the many articles in this term's newsletter will demonstrate. I must first begin with the annual School Production of 'Bugsy'. I have to confess not really knowing the musical well, but what a treat it was. Running a younger show enabled the team to bring in so many new potential stars of the future, several we had not seen on the stage before. They were amazing and demonstrated the wealth of talent we have and with some of our younger performers the treat we are in for the coming years. Only heartfelt thanks and congratulations go, of course, to the cast but also to the amazing team that sits behind it. Productions like that don't just happen they take hours of planning and rehearsing. The staff team are wonderful and put hours and hours and some more in pulling it together. I, of course, have thanked them but this is my public congratulations to them all.

We have had the Dance Showcase and by the time you read this the Christmas Concert, which always gets us in the mood for Christmas. The Dance Showcase was incredible, the talent is unbelievable and watching the youngest performers and what they will grow into as they move through the school is so exciting.

Congratulations and well done to all of Year 11 who have undertaken their practice exams. They must be commended for the excellent way they conducted themselves but also the effort they put in. It is a full on intense two weeks and they did so well to keep focused. Sadly there will be no time to sit back and I am sure they will use the experience and the feedback to guide them in the coming months. Well done Year 11 keep going!

The development of the Wildern MAT continues to move forward. Many of you may not be aware because life at Wildern remains the same. Behind the scenes however, we are moving further forward with the opening of our new Primary school at Boorley Park. We appointed the new Headteacher before half term, Tamsin Hindley, who is currently the Deputy Headteacher at Freegrounds Junior school. We are delighted to have recruited her and even more so as she is from within our own community. The opening of Deer Park, the new Secondary school, is progressing but unlikely now to open until 2021, we will of course keep you posted.

I hope you enjoy reading the following articles and stories of success. I wish you all a fabulous Christmas with your families.

Kind regards

Miss Marie Louise Litton  
Headteacher

Mrs Ceri Oakley  
Associate Headteacher

## Work Starts on New Primary School

We are delighted that work on our new primary school has started, the foundations are being laid and the construction of the school is making excellent progress in readiness for opening in September 2019. The two-form entry school will open its gates to Reception children first and will eventually hold 420 children when it is full from Reception to Year 6. We are delighted to be part of this project and contributing even further to the educational offer within our community. Our commitment to our community has been a key driver in developing the Trust, our principle aim being to continue to provide high quality teaching in a stimulating environment.

We will continue to keep you posted on the progress of both of our new schools.

## Emergency Procedures at Wildern School

All schools are required to have both an emergency evacuation procedure (primarily for fire evacuation) and a lock down procedure designed to keep everyone inside the building. At Wildern School we refer to this lock down procedure as our 'emergency procedures'.

The purpose of this procedure is to ensure the safety of all students, visitors and staff in the case of an emergency such as an intruder on site or a chemical spillage. However, at Wildern we mostly use this procedure to keep everyone inside in situations where we have a student who has been taken ill in a corridor or main thoroughfare or when an ambulance is coming on site at a time when students are due to be circulating outside. This ensures student safety at these times without disruption to learning.

The process for our emergency procedures is as follows:

- The fire bell sounds 10 distinct beeps (different from a fire evacuation alarm)
- All students and staff remain inside where they are and all windows and doors are locked to ensure student safety. Students remain supervised throughout.
- All staff are notified of the nature of the emergency through their school email.
- The end of emergency procedures is announced with 5 rings of the session bell.
- If emergency procedures are sounded at a break or lunchtime then students go directly to their next lesson where their teachers will be waiting to teach them.
- Where emergency procedures run over a break or lunchtime we will look to address this to ensure appropriate breaks are achieved where possible.
- Any student who has medication at a specific time will have their medication brought to them.

Naturally, to ensure that students remain familiar with both the emergency procedures and evacuation procedures it is essential that we conduct drills; especially since these procedures are, fortunately, rarely used.

**Teaching. A career for the future.**

As most teachers will tell you, there's no such thing as a 'typical' day at work. That's because no two days are the same – you are unlikely to ever lack variety. Teaching is a career that offers great benefits, opportunities to use a wide range of skills and inspire young people in the subjects you love.

Nearly a term into their teacher training year, our Primary and Secondary trainee teachers not only now have an awareness of the challenges and rewards of teaching as a career but, between them are starting to shape the lives of thousands of our local youngsters.

Under the expert supervision of their school mentors and the SCITT team, trainees are learning how to plan and teach, how to assess learning, adapt for the needs of their children, manage behaviours for maximum progress, as well as research for their Masters level study.

Of course teaching is not just about sharing a passion for the subjects you love, many trainees are also indulging in hobbies and interests as part of their course by getting involved in after-school clubs, trips and sport.

You may remember a truly brilliant teacher from school who made a real difference to your life. You may know someone who you think will be that truly brilliant teacher. If you do, put them in touch with us. The Wildern Partnership SCITT (School Centred Initial Teacher Training) offers local outstanding Primary and Secondary Masters level programmes.

We wish all of our trainees, and their mentors, a very peaceful Christmas break. It is well deserved!

If you are interested in becoming a teacher, or would just like to find out more about life as a teacher, then please visit the SCITT website: [www.wildernpartnership.co.uk](http://www.wildernpartnership.co.uk)

**Jo Anderson**

# Careers COLLEGE

Students in Year 10 and 11 spent the day on Tuesday 2nd October perusing around the Wildern Careers Fair 2018! This year was bigger than ever, with a variety of colleges, apprenticeship providers, universities, employers and careers advisors on hand to talk to students about their options when they leave school, and the amazing opportunities that await them. As well as picking up a few freebies and prospectuses on their way around, students also got the chance to try some hands-on activities - and the fake 'dog operation' pets challenge provided by PDSA proved to be very popular! Roll on next year!

**CHOOSE A CAREER  
THAT SUITS YOU...**

### European Day of Languages (EDoL)

This September the whole school celebrated the European Day of Languages through the following events:

- Crunchy Critter House Challenge – students paid £1 to try some dried bugs!
- House Staff Captain Tongue Twister Trials – head of houses took part in a pronunciation game alongside year 10 linguists. Well done Mr Chance and Bedford House for winning!
- Year 7 House T-shirt design competition – year 7 classes created logos to promote the importance of learning languages and transferred this onto actual T-shirts.

The day was also a non-uniform event which reflects the European style of dress whilst in education. A massive £1643 was raised in honour of Mr Paul Stephens, our MFL teacher, who died in July this year from a heart attack. The charity to benefit from this donation and, as directed by the Stephens family, was CRY (Cardiac Risk in the Young).

### Al Fresco Summer Cinema

The films Asterix in French and Tadeo Jones in Spanish played out on cinema screens across a week of lunchtimes in the summer term. With only subtitles and sound in French or Spanish, students and staff alike were exposed to a multi-cultural ambiance. Eating their lunch or popcorn from the canteen for that authentic cinema feel, all kicked back and relaxed in the Hall or the outside performance area. Thanks go to all the staff who provided bean bags and rugs for the week!

### Year 8 Vocab Challenge

In order to best prepare our year 8 students for their language GCSE in year 9, all students on the language Pathway took part in a 10 week, 20 word Vocabulary Challenge. Using high frequency words from each language, students battled to achieve 18 and above in order to be entered into the grand prize draw. Names were drawn via a random name picker and 10 fortunate linguists were treated to a continental breakfast by the MFL team. Well done to all of the winners!

### Boules

Lucky Year 8 students had the opportunity to try their hand at the traditional French game, Boules, as an end of term treat in July. Under the watchful eyes of coaches Peter Galton from Southampton City Pétanque Club and Mr Russell, students were able to master this new sport. Much fun was had by all involved despite the rain- watch out for the next generation of Boules champions!

### El día de los Muertos

On Thursday the 1st of November during lunch, Wildern held its first ever celebration for Day of the Dead. Mirroring the Mexican tradition of rejoicing the lives of those who have left us, the MFL, Dance, Art and Technology departments worked in collaboration to make the day a success. From mini crafted shrines, spirit animal drawings, skull colouring and an altar of remembrance, the lunchtime was packed with a Mexican vibe. Part of the winning Rock Challenge Day of the Dead performance was also danced by students outside the D@rt: they twirled and bopped to some traditional Mexican tunes.

ESPAÑA

In August this year, 39 Year 10 students descended on PGL La Fosca in Spain. The students were accompanied by 4 teachers Miss Applegate, Mrs Millington, Mr Collings and Mr Woods. The group started their journey from school, through Dover to Calais and down through France to the beautiful coast of the Costa Brava. The tired and weary group were straight into activities on the beach (just a 5 minute walk from their campsite), literally throwing themselves in the water.

The accommodation was the best, most luxurious PGL tents where the students could relax in between the activities and get some much needed rest. Card playing, eating snacks and chatting were the main activities.

Throughout the week the students got involved with loads of watersports activities; canoeing, kayaking, sailing, banana boating, chilling on the beaches and a day in a waterpark where 2 students got to witness Mr Collings and Miss Applegate screaming down one of the slides, one was heard saying 'This is the weirdest thing I have ever done'. Safe to say, the students were the braver when it came to the big slides!

The trip was such a wonderful chance for the teachers to get to know some of the fun and nutty students in Year 10, and it let the students fully relax before they embark on the final years at Wildern. Some memories were made that will truly be never forgotten, in beautiful surroundings! Roll on 2019!

**In special dedication to a wonderful teacher and friend Mr Stephens.**

**On Friday 21st September 10 Year 8 Students went IBM, Hursley with Mr Hodgson and Miss Applegate to the Festival of Innovation!**

**Firstly, we were introduced to the activity which was to find out the identity of a hacker who had hacked IBM and leaked information. There were 3 spots we could go to: the festival of innovation, the museum and hackers working space (an escape room!).**

**The first one we went to was the festival. There we found out that we had to find letters which would spell out the department the hacker was in and we learnt a lot of things about new technologies that IBM were working on; 3D printers, robots, games and loads more.**

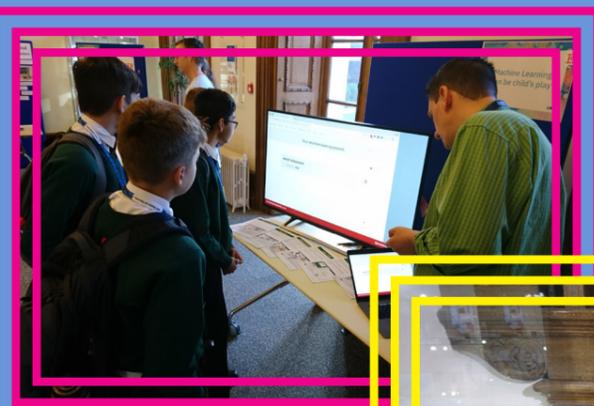

**The second place we went to was the escape room. When we were there we found out that the hacker had the numbers 4 and 9 in their worker number by solving problems that were pretty difficult.**

**Lastly, we went to the museum to complete a quiz where we then found out that the hacker is a boy with glasses and dark hair. We had 2 suspects left and we took the chance and assumed that the hacker was William Yates.**

**We went back to the auditorium to find out who the IBM hacker was and it was William Yates!**

**Overall, we had a very fun day and we enjoyed all the fun and exciting activities.**

**By Ashley Smith (and co)**

# iStudent Focus Group

On the 1st of October 2018, the iStudents Focus Group went to the Apple Store based in West Quay, Southampton. While we were there, we had a member of the 'creative' team come to talk us and showed how to film and edit movies. He gave us the new iPad Pro and Apple pen to plan what we were going to talk about in our movie. It felt really surreal writing on an iPad. After that, we then proceeded to film our movies. Some did an unboxing video of Apple products like the ones on Youtube while others talked about their favourite video-game or school subject. Then we edited our movies and put pictures over them.

In conclusion, the Apple store workshop was brilliant because we got make new friends and learn lots of new filming techniques to use on iPhones and iPads.

## iStudent & Googlers

On the 18th October 2018, students from the iStudent and Googlers Focus Groups went to the Stroud School in Romsey to work with a few other schools with different technology related products. These schools were: Springhill, Stroud, King Edwards, Bishop Luffa and Yately Manor. We were mixed into different teams and collaborated to do some really cool stuff with technology. We also went and had some delicious bangers & mash for lunch and was given a warm welcome by Stroud students. We ended the day with goodie bags and certificates for our efforts. All in all, I really enjoyed being an ambassador for Wildern and look forward to using different technologies again.

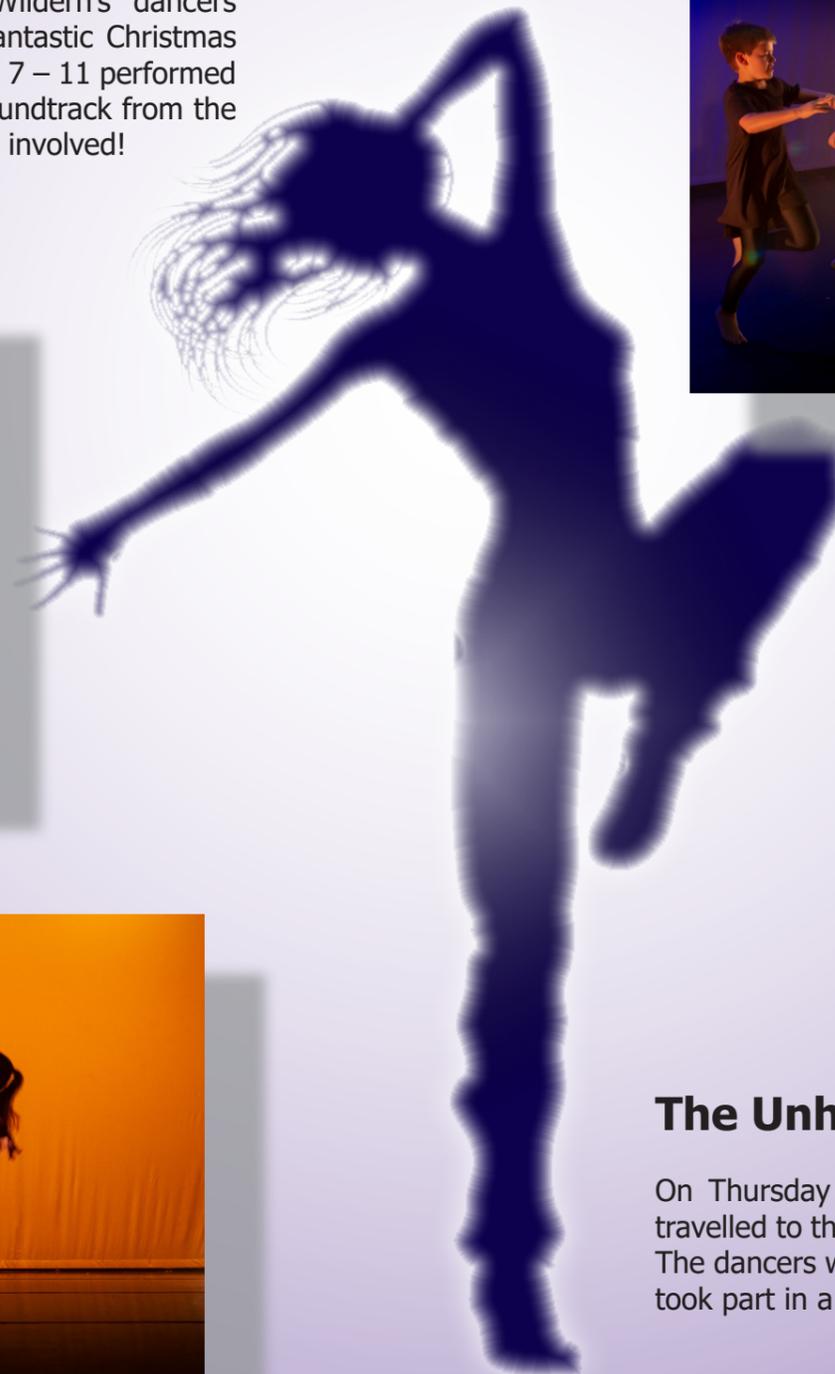

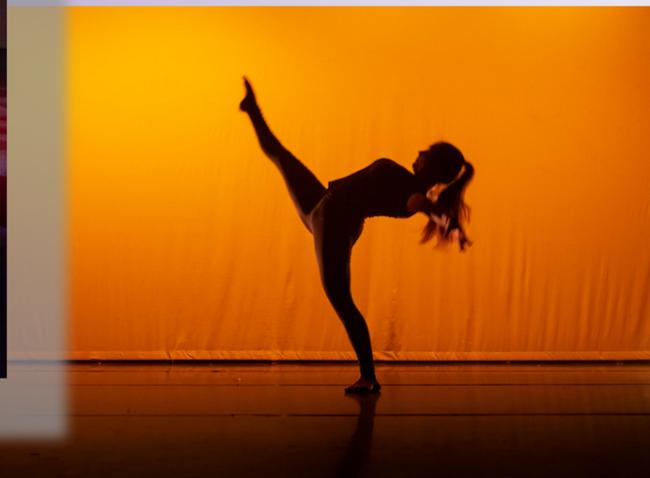

**Edward Addis 7S1**

# DANCE

## Christmas Dance Showcase

On Wednesday 28th November Wildern's dancers started the festive season with a fantastic Christmas Dance Showcase. Dancers from Year 7 – 11 performed their class and club pieces to the soundtrack from the film Elf! Congratulations to everyone involved!

## The Unheard Boy's Dance Company

On Thursday 13th December The Unheard Boy's Dance Company travelled to the University of Chichester to perform in The Showroom. The dancers were absolutely superb and after their performance they took part in a workshop with Herne Bay.

# BUGSY MALONE

During my time in Bugsy Malone, I learnt a lot: a great deal about acting, dancing, singing, staging and importantly about friends. I met new friends- friends that I would never have known without the show, as well as finding out about the world of production and all the complexities that formulate a fantastic show. One thing I remember is how the dedicated students of past productions would tell me about the euphoric moment that the final curtain drew on the third and last day of the show. They told stories of happiness and tears, laughter and extreme emotions that I, for it being my first show, couldn't fathom being a reality.

That was until the Friday Night; months and months, days and nights of hard work from 60 actors and actresses, all of which performing for the last time the wonderful show that was Bugsy Malone. And thus, when the curtain had drawn after the song, 'You Give A Little Love', I screamed in complete joy. Followed by that were unexpected tears of happiness as the realisation that the last 2 hours of performance would be the last.

But there was another reason why I think I cried. I cried also because of how close I once was back in July to not doing the play. The day of the auditions and I had not given a single thought to the play. I had not watched Bugsy Malone, I had not known the characters or the scripts and I had certainly not ever contemplated my position within it. That was until the Drama Lesson when the head of drama , Mr. Duncombe , had sent a note to 'come to the Dart, take away a script and come back within the hour for an audition.' From there, the rest is history and in hindsight, I could never imagine a world in which I wasn't a part of the show.

So to those of you who spent the time to read this, I hope in hearing my anecdote you have seen the importance of stepping out your comfort zone for sometimes breaching the unknown isn't always a bad thing!

**Louis Gibson (aka - Bugsy Malone)**

# ART

department

By way of marking the centenary of the end of World War 1, Year 9 art and photography students bought in photographs from home of family members who served either during WW1 or in a conflict since. For many families this opened up poignant conversations about loved ones and the sacrifices that were made. Some of our students photographs can be seen here. Inspired by contemporary artist Christian Boltanski who creates art about war, courage, loss and suffering, students used a photographic emulsion transfer process to create individual memorials. The installation is also lit by candle light.

Thank you to everyone who contributed to this thought provoking installation: students, families and staff and particularly to the tech department

As November 11th 2018 approached, Wildern Secondary School decided to create something special in dedication to our fallen soldiers from WW1 and to commemorate the centenary of the end of the war.

The Art and Technology Departments collaborated to create an Art Installation in the form of a display of Poppies and Photographic memorials. Some students added descriptions about the role their family member took in either WW1 or a conflict since.

Using the skills and techniques they learnt, Technology students and teachers created beautiful Poppies and Art and Photography students created Photographic Emulsion Transfers. Nearly all of the photographs were family members of either students or staff at Wildern.

As a community, Wildern School have done something for every Remembrance Day, and with each year more and more students have got involved. Thank you to all who served for us all those years ago.

May their souls rest in peace and their memory last forever.

**Cayleigh Cripps - 9D1**

The Art department runs a termly House Photography Competition, this term the theme is; **Whatever Makes you Smile!** Have a look here at some of the brilliant eateries from Year 7 and 8 - The places will be awarded from 1st place to 6th with refs for students appropriate houses!

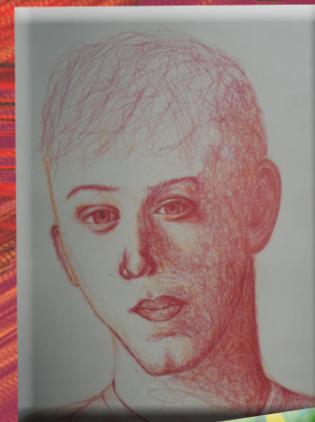

**Keira Dalley:** This photograph is of my Great Nan and Aunt who were twins and my Nan was a nurse in WW2

**Sam Parfitt:** This is a Photo of my Great Great uncle, Corporal Donaldson, of the North Irish Horse Regiment and his friends in WW1

**William:** This is my Great Granddads crew in World War 2. He was a pilot of this Lancaster bomber called "Fanner's Follies"

**Year 11 Practice Exam 2018**

Well done to all of the year 11 Art and Photography students who prepared well for the recent 10-hour practice exams.

Some examples of final outcomes can be seen here, the final piece and preparatory work is part of student's coursework, they are currently working towards a coursework deadline of Friday 21st December.

**Mrs Lynch and the Art Team**

**Ellie Mannion:** This Photo is of my Great, Great Granddad who served in the Air force in WW1

**Rebecca Kirby:** This is my Great Grand mother Avice Celia Kirby who was in WRAF Fighter Command based at RAF Stanmore in Middlesex.

# Lest We Forget

## Wildern School WWI display

# Welcome to the LRC

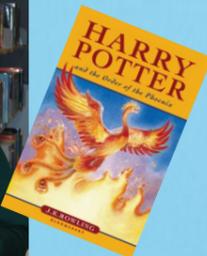

## The LRC's Fifteen Most Popular Reads this year...

With over 12,000 fiction and non-fiction titles on our shelves, the LRC really does have something for everyone. The LRC is open from 8.15am through to 5pm and is available before and after school as well as break and lunch times to complete homework, enjoy a quiet reading space or just to come in and make new friends.

**Student Librarian**  
Eva  
**How long have you been a librarian?**  
1 year.  
**Why did you want to be a librarian?**  
To make new friends and to become part of a team that plays a role in our school.  
**Favourite book?**  
Harry Potter and the Order of the Phoenix by J.K Rowling.

**Student Librarian**  
Rebecca  
**How long have you been a librarian?**  
2 years  
**Why did you want to be a librarian?**  
I was a librarian at my old school and I've always loved reading books. I wanted to help and do something special for the school.  
**Favourite book?**  
Everything, Everything by Nicola Yoon.

**Student Librarian**  
Caitlin  
**How long have you been a librarian?**  
1 year.  
**Why did you want to be a librarian?**  
Because I like the responsibility and organisation and helping with the school community.  
**Favourite book?**  
Girl, Missing series by Sophie McKenzie

**Student Librarian**  
Will  
**How long have you been a librarian?**  
2 years  
**Why did you want to be a librarian?**  
So I could help others enjoy the LRC as much as I do.  
**Favourite book?**  
Stitch Head by Guy Bass.

**Student Librarian**  
Lydia  
**How long have you been a librarian?**  
1 year  
**Why did you want to be a librarian?**  
To help out people who don't know how to use the library and to enjoy the library as much as possible.  
**Favourite book?**  
Hunger Games Catching Fire by Suzanne Collins.

**Student Librarian**  
Luke  
**How long have you been a librarian?**  
1 year.  
**Why did you want to be a librarian?**  
Because I like books and I'm responsible and I like to have a responsibility.  
**Favourite book?**  
Harry Potter and the Philosophers Stone by J K Rowling.

All these books are available in the LRC. Come and visit the us during the opening times of 8am - 5pm. Computers are also available for Homework.

# P.E Department

## Wildern Girls Team qualifies for the ESSA National Swimming Finals at the London Aquatic Centre.

Well done to the team of swimmers from Wildern School who have qualified for the ESSA National Swimming Finals at the London Aquatic Centre in November.

The U14 (Intermediate) Girls Team of Madeline Cooper, Lydia Parker, Isabelle Hinkley and Maria Lanza, won both their Team races picking up Gold Medals in the regional event leading up to the Finals.

## Wildern Young Sports Ambassadors at the Hampshire School Games.

Wildern Young Sports Ambassadors did a really fantastic job running the Primary Schools Tri-Golf Competition at the Hampshire School games.

The competition was attended by 30 Primary Schools from all over Hampshire. The primary students had a great time and produced some very pleasing performances.

## Year 7 Football

The Year 7 Football Team have produced some pleasing team and individual performances so far this season. They are still looking for their first victory, but they have only been narrowly beaten and are improving each game. A selection of players from the Year 7 Football Team also attended the Southampton Schools 5-a-side Football Tournament.

Good luck for the rest of the season.

## Year 11 football win Cup and League Double.

Well done to the Year 11 football team who had a great season which culminated with them winning the final of the Southampton Cup Competition. A great way to end the season and to celebrate 5 years of playing together at Wildern School.

They also won the Southampton Football League and came runners-up in the County Cup Competition.

## Girls Netball

The U16 and U14 Netball teams have had lots of students attending the clubs and both teams have played matches against local teams.

They have produced some pleasing individual and team performances and are gaining in confidence with every game. Good luck as the season continues.

## Hockey Club

Students from the Hockey Club attended an International Hockey Match in October. The game was England v Holland at the Olympic Hockey Stadium in London. Despite England being beaten 2 – 1 it was a great game to watch and a really enjoyable trip. Several Wildern students were lucky enough to meet the England squad after the game.

Hockey Club on Tuesdays is proving to be popular with students and has been growing each week.

## Athletics

Several Wildern students were selected to represent the Eastleigh and Wincher District Team in the Hampshire Schools Track and Field County Championships in July.

Sam Clifton	Hammer	39.15	1st
Dan Kimber	Hurdles	13.02	4th
Harry Crosby	Long Jump	5.62	1st
Emily Eades-Scott	100m	12.95	2nd
Emily Eades-Scott	Relay	53.27	3rd

Well done to them all for competing at such a high level and for producing some amazing individual performances – including two County Champions.

Harry Crosby also represented Hampshire in Long Jump, High Jump and the Pentathlon Well done again to all the athletes and good luck for next season

# WE ARE TWINNING OUR TOILETS

**1 in 3 people worldwide don't have somewhere safe, private or hygienic to go to the toilet.**

Please help us to raise money so that we can twin our toilets and help people have access to safe sanitation, clean water and hygiene education.

[www.toilettwinning.org](http://www.toilettwinning.org)

Toilet Twinning is part of Tearfund.  
Tearfund is a Registered Charity No. 265464  
(England and Wales) and No. SC037624 (Scotland)

## Press Release: Wildern are helping to flush away poverty!

On 29th June, Wildern School raised a colossal £800 for the Toilet Twinning project.

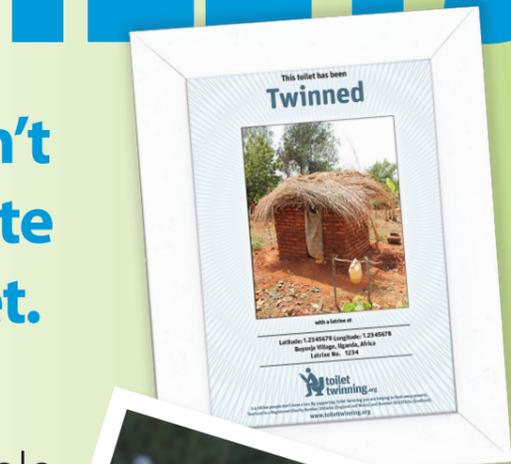

Organised and publicised by our fantastic Rights Respecting Focus Group and the Community Focus Group, there was lots going on 29th June 2018 to aid the fundraising for this fantastic project! Students learnt about the problems that arise through not having a clean and safe toilet to use in the WOW of the Week delivered in tutor sessions. Students paid £1 to wear non school uniform and they also baked and bought lots of delicious cakes - some were lucky enough to purchase the poo emoji themed cakes (!). There was even a Squat-a-Thon House Competition event which, despite the staggering heat was well supported by staff and students.

The charity were pleased to be able to build 13 toilets with the money we raised and said the following:

"Thank you for your fantastic fundraising. That's wonderful! The way twinning works is that in each country we work in there will be a local partner who goes into the villages - sometimes very remote places many hours drive away - and with permission and support from the villagers they teach about hygiene and latrine building and sometimes help by providing parts towards the latrines such as foot plates or plastic water bottles for hand washing. We find that this method of community led education works best as people take great pride in building and maintaining their latrines and it becomes a life skill which they can benefit from forever more". There is more information on their website: [www.toilettwinning.org](http://www.toilettwinning.org)

Look out for our 13 twinned toilet certificate plaques around the school for details of where exactly Wildern's loos are around the world!

If any student wishes to get involved with organising Focus Group activities such as these then please head along to the meetings which take place in Tutor Time - details can be found on your tutor notice board.
