

Provider Access

Students in years 8-11 are entitled:

- To find out about Local colleges and Universities about their opportunities at age 16 and 18
- To find out about technical education qualifications and apprenticeship opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options evenings, assemblies, group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.

A provider wanting to request access should contact Mr L Fenner, Careers Coordinator on 01489783473 or careers@wildern.org.

A number of events, integrated into the Schools Careers programme, will offer providers an opportunity to come into school to speak to students and/or their parents. Please see our [careers ladder](#) for more information on our careers events or speak to our Careers Leader to identify the most suitable opportunity for you.

The [School policy on safeguarding](#) sets out the School's approach to allowing providers into School as visitors to talk to our students.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the Careers Resource Centre which is managed by the School Librarian. The Resource Centre is available to all students at lunch and break times.

Premises and Facilities

The school will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The School will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.
