Dear Parent/Guardian

Re: Wildern Interactive Nights of Knowledge (WINKs) for 2022-23

Each year at Wildern we run a series of WINK's for parents in order to share the work your son\daughter will undertake in school and to offer support in helping them deal with events in school and those which will affect their future.

The WINK programme for this year can be found on the school website [here](#). Attached is the programme for the Autumn Term. This year we will host some WINKs Virtually and some will be face to face in school. If we have to change face to face WINKs due to Government guidance, we will inform you as soon as we can.

All WINKs will begin at 6pm whether they are virtual or on school site. Those taking place on site will be in either the School Hall or WAVE auditorium.

If you would like to attend any of our face to face sessions then please register your interest by visiting the Eventbrite website and search for 'Wildern School'. Please note, not all events will be currently available to pre-register. Letters for each WINK will be sent out nearer to the event.

Yours sincerely

Mrs E Watson
Senior Leader of Learning (SLC RE & Education for Life)
