

# Year 7-9 December E-Safety Newsletter!

## In the News:

<https://www.independent.co.uk/life-style/health-and-families/parents-video-games-children-online-risks-benefits-safety-internet-a8994601.html> - Online E-Safety

Focus group recommends that parents should play video games with their children. This helps Parents to understand the dangers of online gaming as most parents have admitted to not know how to handle situations with online gaming.

<https://www.internetmatters.org/issues/> - This website talks about online issues and gives tips on how to stay safe
